Meeting adjourned at 9:40 P.M.

The thoughts for the day are from noted author Patrick McManus.

He ask the age old Question: **WHY IS IT**

Why is it whenever a tackle box slips out of your hand it never falls right side up and closed?

Why is it that a woman who catches more fish than you thinks that's such an interesting topic of conversation at parties?

Why is it trailer lights work only during the daytime?

Why is it boat manufacturers have never built a boat the right size?

Why is it as soon as you buy the ultimate electronic fish-finder, the really ultimate fish-finder is put on the market?

Why is it fish-finders can find fish but can't make them bite?

Why is it wives can't just accept the mystery of why an outdoorsman absolutely needs so much stuff, and just let it go at that?

Special Events

I would like to thank all the Members of WBC for coming out to the CAST 4 Kids event on September 11th. It was a great day to be out on the water, overcast in the beginning, not much boat traffic, and many smiles on and off shore. Members that helped were: myself, Phil, Stu, Bob Paysno, Larry Sullivan, Mark Brown, Thomas Maciel, Rodney, Faz, Russ, Don Hankinson, Jose, Angie Dover, Chrissy, and a future member Kevin Bye.

Some of us didn't have the opportunity to take out a CAST kid and parent, but we still had fun teaching the high school volunteers how to catch a few. A special thanks to Jim Owens for putting on such a great event for the Kids of our community.

Our next event is the Banquet, and I am currently working on that. There is no date set yet, as I am working on the location. Thomas is asking if we can get the same location as last year in White Center. I think it went very well last year at that location. The board is working out the details on our available funds for raffle prizes for the Banquet. We should have some good items on the table, so stay tuned. We also encourage members to donate fishing related items to the raffle table.

Ok, that's all I've got for this month. Get out on the water, throw a big bait, and catch a Fall TOAD for me.

See Ya,

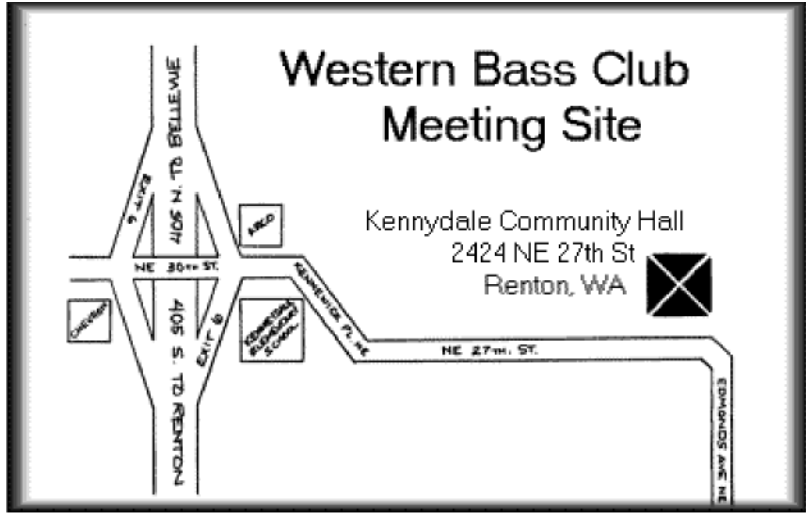

Chris Blandi
