CHUCK "THE REV"  
BAILEY  
2005 CLUB PRESIDENT

### President's Line

I once offered to fix a friend's faulty light switch, and asked if she had any **tools**. The "tool box" she offered contained a hammer and a coping saw. Nothing else. She had yet to learn an important fact; in order to consistently fix things, you need a **VARIETY** of the basic tools in your tool box. Fishing is no different.

A seasoned bass fisherman's **tool (tackle) box** contains a growing variety of lures, each having a specific function. Just as a hammer won't fix everything, neither will one lure choice provide year round success. Just as my friend needs to add *wrenches* and *screwdrivers* to her toolbox, a well-versed angler will collect a variety of plastics, jigs, spinnerbaits, crankbaits, etc., to insure fishing success.

Now, while my friend **did** have a hammer in her toolbox, that didn't mean she knew **HOW** to use it. As far as she knew, her coping saw was for cutting French bread. So it can be with fishermen. Collecting a tackle box full of lures is senseless unless you actually know **HOW** and **WHEN** to use them.

The mastery of "**skipping a tube bait**," using a "**Carolina rig**," or tying up a "**drop-shot rig**," requires countless hours on the water to develop proficiency and adeptness. **OWNING** a lure does not necessarily equate to **EXPERTISE!** Both are required – the result of months of practice and increasing success – before we can rightly claim mastery of a new "tool."

A common mistake with beginning bass anglers is attempting to master various lures **ALL AT ONCE**. The best fishing coaches suggest leaving all other lures at home, taking out only the one you desire to master. (It reduces the temptation to try something else if not immediately successful). If spinnerbaits are all you have in the boat, you will fish them until you learn how and when they work, ... *and won't work*. Learning the **limitations** of a new technique is just as useful as learning when and where it excels.

Ask yourself, **1)** What is your **FAVORITE** tool (*lure*) in the box? And, **2)** Do you have several that bring you "**real confidence**"? Many will spend endless hours tying on every lure in the tackle box, with no great confidence in any of them! Instead, **FOCUS!** ...perhaps on **Texas-rigged worms**, and **spinnerbaits**. Initially forget all the rest, focus exclusively on these two, until you can confidently declare them "in the tool box". These are the "screw driver" and "wrenches" that every person should begin with! Then focus on a **NEW TOOL** every year.

Which "new tool" **YOU** choose to develop will be unique to your particular interests, favorite lakes, etc. My newest addition is crankbaits!

Perhaps you desire to learn how to flip jigs, master the Senko., grow proficient at buzz baits, or "walk the dog" with topwater.

**President's Line (continued)**

(Continued from page 1)

Regardless, the trick is to **FOCUS PRIMARILY** on the new lure from apprentice level to journeyman.

The mastery of a new lure can bring you great joy! So, try this; in the margins of this newsletter, write down any lures/techniques that elicit "strong confidence," and that you have enough experience with to teach a beginning class on the subject. If one doesn't exist yet, then choose one and get to work mastering it! Read everything you can, back seat with those who have mastered that lure, and focus the vast majority of your time on the water developing the skills needed until you can place that "new tool" in the ol' tool box.

On the other hand, if your inventory reveals several tools already in the box, don't get lazy or comfortable, **intentionally** choose the **NEXT** technique/lure you want to master, and expand your options.

Should you claim to have a "long extensive list" of tools in your tool box, you either have an over inflated ego, 60+ years experience, work full-time as a guide, or you ought to be fishing the B.A.S.S. tournament trails! Truth is, **NO ONE** has mastered all the tools – in fact, that's what makes our sport so interesting – there's always something else to learn.

So check your tool box, select the next challenging technique or lure, and **be realistic** – you'll have to put in time, lots of time, on each new tool! But you'll be rewarded when you begin to grow proficient in its use. After all, just as no one can fix a light switch with a hammer and a coping saw, no angler can successfully catch bass all year long knowing only one or two techniques. One of the reasons we are a **teaching club**, is because we understand that "**intentionally**" expanding angler's tool boxes multiplies the joy they will find on the water! So... here's to more joy on the water!

Insurance Forms are needed **before the Chelan Tourney** and are a good thing year round, so get me your copies soon!

**Hey Western**, time to try someplace new!  
Lake Chelan is the place and Kamei resort is the campground.

**Kamei Resort  
Wapato Lake Rd  
Manson, WA 98831  
(509) 687-3690**

We will try for a 5:30 am drivers meeting on Saturday. We are going to launch at the Lake Chelan State Park.

Remember this lake can get rough with boat traffic, so be ready with livewell maintenance and Please Release Me additives.

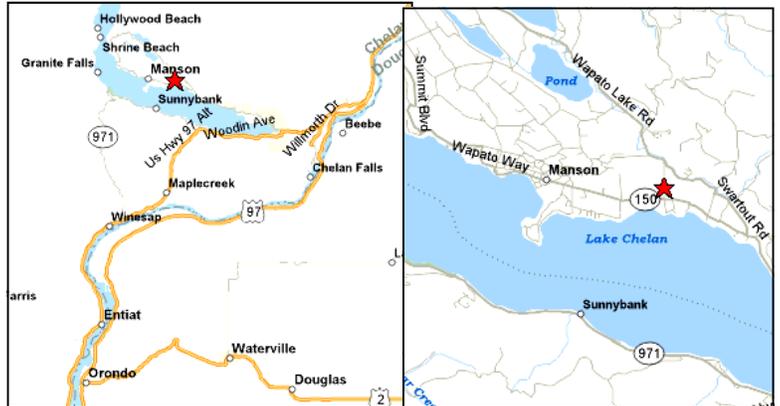

P.S.: I look forward to seeing you all at the meeting and I will have tournament rules change forms there too. Time to start looking into the lakes for next year so get your ideas together!

Thanks, Larry.

**Jack-N-Jill was a Hoot!** For all that made it...17 boats. This was one of the biggest J & Js for some time and hopefully a trend, as the fishing was awesome and Coulee Playland did a wonderful job as the headquarters again. Shannon and Mike Wolsky caught most and biggest for the event, followed by the Holmes' boat and the Logstons in third.

Here are the happy totals.....

- 1st). The Wolsky's.....24lbs10oz. and Big Fish 3-11.
- 2nd). The Holmes' boat....21lbs 2oz.
- 3rd). The Logstons.....18lbs 6oz...B.F.-2.15
- 4th). The Hankinsons.....18lbs 6oz..B.F.-2.9
- 5th). The Hills.....18lbs 6 oz.B.F.-2.5 D.F.-4oz.
- 6th). The Snodgrass'....18lbs 5oz.
- 7th). The Walkers.....15lbs 10oz.
- 8th). The Jarrells.....14lbs 7oz.
- 9th). The May's.....14lbs 6oz.
- 10th). The Sullivan Boat..14lbs 2oz.
- 11th). The Hudgens Boat 13lbs 6oz.
- 12th). The Sotherlunds....11lbs 11oz.
- 13th). The O'Dea Boat.....11lbs 5oz...B.F. 2.12
- 14th). The Maderos Boat 11lbs 5oz..No B.F.
- 15th). The Karpenko's.....8lbs 9oz.

# AmBASSador News

ROB MAGLIO  
2005 AMBASSADOR  
DIRECTOR

The fish-in turned out to be a success - even after the last minute change to Sammamish. I am sorry for anyone that didn't get the news and I know there was one that didn't. I was gone all week beforehand and got the basically critical info that Seafair was going on and would have made a fish in on Washington nearly impossible.

With that said, we had 7 boats with 12 anglers. Some had better luck than others. Larry reported keepers caught up to almost the 3 lb range on topwaters and dropshotting. Chris said he had a lot of fish, but nothing over 12 inches. Bob and Nick got an early start and had several keepers including Bob's 4 lb largemouth he caught drop-shotting. Rich Loth got into at least one I heard about being 2-15.

I had good luck in catching 2 lb fish all day, but nothing over 2 and a half. I had my best luck on a spinnerbait. Jerkbait, crankbaits and dropshotting rounded out my arsenal. Lunch was quick and easy and turkey burgers were the food of choice. Most were ready to go back out or get out of the overcrowded parking lot.

Long Lake in Kitsap County will be the site for the next fish in on Sept 3rd. Larry had suggested this lake for this weekend when deciding where to fish instead of Lake Washington and it sounds like a good choice. I have never been to this lake and look forward to it.

Let's meet at Breakfast at 6 am or at the Launch at 7 am. This will give us a little more time for the longer drive.

Breakfast will be at Shari's. Look at the directions below.

See ya'll there!

## Fish-In - Long Lake (Kitsap County)

**Where: Long Lake (Kitsap County)**

**When: Saturday, September 3**

**Directions to Shari's:**

- Take the I-5 SOUTH exit toward TACOMA
- Take exit #132 onto WA-16 WEST toward GIG HARBOR/BREMERTON - go 22.9 mi
- Take ramp toward SOUTHWORTH FY - go 0.3 mi
- Turn right on SE SEDGWICK RD - go 0.1 mi
- Turn right on BRAVO TER - go < 0.1 mi
- Arrive at 221 BRAVO TER, PORT ORCHARD, on the left

**Directions to the Launch:**

- Take I-5 South to West 16 and head over the Narrows Bridge. N on SR 16, 6.8 mi to exit at Sedgwick Rd, go E 2.5 mi; R on Long Lake Rd SE; go .4 mi; R on Clover Valley Rd, go 1.1 mi. These are the directions from the Fish and game website. They should be right. On another site it looked like the right off Sedgwick could be Clover Valley rd and not Long Lake Rd. I guess we'll see.

**When: Saturday, Sept. 3, 2005**  
**Where: Long Lake (Kitsap County)**

**Remember, no one stays on the dock at a Fish-In. Everyone floats! You don't have to pre-arrange a back seat for Fish-Ins. If you pre-arrange something with your AmBASSador, that's OK, but just because your AmBASSador can't make it doesn't mean you can't go. THE MORE THE MERRIER!**

RICHARD LOTH  
2005 GREETER  
/GREENSLIPS

**ALSO, don't forget to get your scales verified. I will have the equipment at each meeting so bring in your scale and get weighed. This must be done prior to turning in a greenslip!**

## July GREENSLIPS

**HOT, HOT, HOT...** The Jack & Jill Tourney at Banks Lake was a scorcher. 90 to 105 degrees. Even the shade was looking for shade. But it was a good time. I would like to take this opportunity to applaud the Jills for their perseverance so that we Jacks could fish and FRY.

Well, as expected, the Riffe Tourney, was a "belittling" experience with many small fish turned in. But, as always, there were exceptions to the rule with Rob Maglio turning in a very respectable 5#8oz Smallie. And it looks like Sammamish is **Red Hot** at this time.

### *Fishing Prayer*

Now I lay me down to sleep,  
A box of tackle at my feet...  
My rods and reels perched by the door,  
My trolling motor on the floor,  
My trophy hung above my head...  
My sunglasses beside the bed,  
My raincoat on the bedpost,  
And visions of catching the most.  
If I should die before I wake,  
I pray, dear Lord, it's some mistake...  
For I just know that the very next day,  
I'll catch the one that got away.

Once again, Virgil Wilbur has shown us that time on the water means bigger fish. Virgil turned in a greenslip for the biggest fish, a

**monster 6#15oz.** Smallmouth. He took both the "club" \$5 and the "Big fish kitty" \$10 this month. Hey, maybe he will be the one to set the State record for largest Smallmouth. It just keeps on growing and growing...

Each month the club gives \$5 to the member for the biggest bass turned in on a greenslip. This was the fifth month for the "Big Fish Kitty". There are 3 months left. You must be entered the prior month to be eligible for the money. If you are interested in joining this "pool" please see Rich Loth at the next meeting. The amount of the prize depends on the number of people signed up. This is in addition to the Big Fish of the Month prize. So get signed up now.

Keep your rods up and Rip some lips!

# Special Events

Hello Everyone!

It's time to think about C.A.S.T. for Kids. (Catch A Special Thrill.) This event is designed for kids from Shriners, Special Populations, Ronald McDonald House, Starlight Foundation, and others. Every year we meet at Gene Coulon Park in Renton and take these kids out for a little fishing then back to the park for a bar-b-cue. It's a chance for these kids to feel free for just a little while and forget about all their cares and worries. This event is a "Gift from your Heart"!

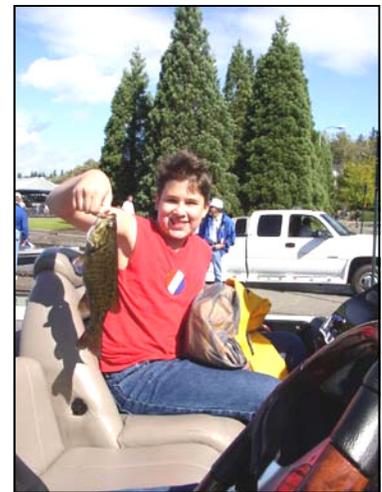

We need people to bring their boats, people that can launch boats, and people to help on the beach. We will supply life jackets and the fishing gear for these children. Most of these children will also have an adult with them or there are extra adults and older kids from the club who will be glad to help you out. If you can help at this event please let me know, especially if you can bring your boat. We need to know how many kids we can invite.

" Please e-mail or call as soon as you can!"

**Coming Up: WBC Officers, Tourney  
Lakes, Rule Changes, Raffle**

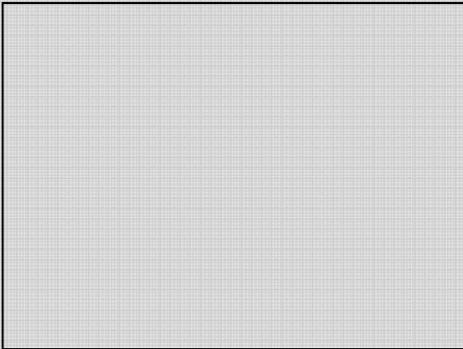

STU KARPENKO  
2005 SECRETARY

Fall means that there are decisions to be made for the 2006 year. At upcoming General Meetings, beginning in August, we will be addressing suggested Tournament Rules changes, nominating and electing Officers/ Board members for next year, nominating and choosing lakes for next year's tournaments, and preparing for this year's fundraising raffle. We will discuss the order of events for these tasks at the August meeting.

We have included the current Tournament Rules and a copy of the Tournament Rule Change Request Form on pages 9 -11 of this issue of the WBC Newsletter.

If you are not able to attend the meetings over the next 3-4 months, please contact me or another board member to make sure you have the most current info, so that you can make yourself heard on issues that are important to you.

# Official Tournament Rules

*Revised January 2003*

## Interpretation

- Interpretation of the rules shall be left exclusively to the Tournament Director
- In the event of a rule violation, the Tournament Director may impose any sanction the he/she deems appropriate, including, with no limitation, disqualification.
- The decisions of the Director shall be final and non-contestable in all matters

## Eligibility

- Only anglers who are current members of the Western Bass Club may fish club tournaments for prizes, trophies, and points
- All entry fees must be received prior to the start of the tournament
- All boaters must show proof of insurance with the required liability limits before the tournament start time on the first day
- Non-participants may occupy a tournament boat during contest hours, provided:
  - That they are present with the knowledge and approval of the Tournament Director
  - That they are not allowed to participate in the tournament

## Fees

- Entry fees are \$18 per angler, plus a \$2 non-obligatory Big Fish pot per angler

## Off-Limits

- The tournament waters shall be off-limits to all participants beginning at 12:01 a.m., five days prior to the tournament start date

## Start/Finish times

- The Tournament Director shall determine the tournament start time and weigh-in time
- Start times for both Saturday and Sunday will be at "first safe light" as determined by the Tournament Director
- The Tournament Director sets the official time of day

## Driver's meeting

- Prior to the start of each tournament, a driver's meeting will be held at the official launch site
- Drivers failing to attend this meeting shall be last out at the tournament start

## Launching

- You may trailer your boat to another launch site on the tournament waters, but you may not leave the official start site until the start time of that tournament day
- You must arrive at the official weigh-in site by boat. You cannot trailer your boat to the weigh-in site

## Required equipment

- All boats must be equipped with all required U.S. Coast Guard equipment, including, but not limited to, flares.
- Contestants and passengers must wear a chest-type life preserver whenever the main engine is running
- All boats must display a "Contest" banner meeting the regulations of the Washington Department of Fish and Wildlife
- All boats must have a functional ignition kill switch for the internal combustion engine. The driver must be securely connected to the kill switch any time the internal combustion engine is running
- **NO ALCOHOL** is allowed on any boat during tournament hours
- All boats must be equipped with a functioning, aerated livewell

## Limits

- The Tournament Director will determine limits
- Only largemouth and smallmouth bass will qualify, the minimum size limit to be set by the Tournament Director
- Fish will be measured on a flat board with mouth closed and tail in any direction
- Each fish the Tournament Director judges to be dead or unlikely to survive release will be penalized four (4) ounces
- The Tournament Director is bound by law to end the tournament if more than ten (10) percent of all weighed fish are dead at the first day's weigh-in unless the cause of mortality can be identified and resolved

## Official Tournament Rules (continued)

*Revised January 2003*

### Restricted areas

- Any closed waters and off-limit areas for the tournament will be determined by the Tournament Director
- All fishing must be done from a boat
- You may exit the boat to push or pull into an area you want to fish

### Tackle/Equipment

- Only artificial lures shall be used with the exception of prepared pork strips, etc.
- Live bait is prohibited
- Only one casting, spinning, or spin-casting rod and reel may be used at one time
- All bass must be caught in a conventional and sporting manner

### Licenses

- Every contestant must possess a valid Washington State fishing license and all other permits (equipment, personal, etc.) as required by law

### Sportsmanship

- All contestants shall obey all State and Federal laws and follow the highest standards of sportsmanship, courtesy, safety, and conservation
- Any infraction of these fundamental sporting principles may be cause for disqualification
- **Drunkness** by any contestant during tournament hours **will not be tolerated** and will result in immediate disqualification
- All courtesies shall be extended to contestants and non-contestants alike
- Any act which reflects unfavorably on the Western Bass Club or its goals may result in disqualification
- Any infraction resulting in a citation by a Law or Wildlife Officer may result in disqualification

### Weigh-In

- There will be only one official check-in point as designated by the Tournament Director
- All contestants must reach the check-in point by the specified finish time or be penalized eight (8) ounces for every minute late
- Contestants over fifteen (15) minutes late will not be allowed to weigh-in fish for that day
- All culling and fishing must cease by the official weigh-in time
- All culling tags must be removed before fish are weighed
- All anglers must check in with the Tournament Director, with or without fish

### Scoring

- Only bass determined by the Tournament Director to be eligible, per the contest rules, shall be weighed
- Each contestant's score shall be based on the pounds and ounces of the official weight, minus any penalties
- Any ties will be decided by those contestant's big fish. A coin flip will settle any secondary ties
- All uninjured bass must be released unharmed

### Protests

- All protests must be delivered to the Tournament Director, in writing, within thirty (30) minutes of that day's official check-in time
- The Tournament Director will make a final decision on any protest before the awards ceremony

### Points

- Points awarded toward Angler of the Year as distributed as follows:
- 1st Place: 101 points
- 2nd Place: 95 points
- 3rd Place: 90 points
- Points will then drop by five-point increments (85, 80, 75, etc.) in order of finish down to 10 points
- All anglers finishing below a 10 point finish will receive 5 points for attending
- Big fish of the tournament does not accumulate Angler of the Year points

# REQUEST FOR TOURNAMENT RULES CHANGE

**Purpose:** To allow all members of the Western Bass Club the opportunity to petition the membership for rule changes.

**Prerequisite:** The proposed rule change must have, in its entirety, the rule to be changed followed by the proposed change. Contact will then be made to the Board to be added to the agenda of the next available General Membership Meeting. If available or applicable, the necessary W.A.C.s or R.C.W.s must be provided for proper application of changes.
